

Veterinary Pathologist (m/f/d)

We are a leading global research organization with over 3000 employees working in the field of material and analytical science, chemical synthesis, process development, bioscience, catalysis and digitalization. With our creative and diverse teams as well as our cutting-edge research, we help to make our customers more successful and drive the sustainability transformation.

LOCATION
Ludwigshafen, DE

COMPANY
BASF SE

WORKING HOURS
Full-time

CONTRACT TYPE
Permanent

WORKING AREA
Toxicology / Product Safety

REFERENCE CODE
EN60583316_ONLE_1

RESPONSIBILITIES

The main working area of our pathology unit within the department of Toxicology and Ecotoxicology is the whole pathology technique from necropsy to histopathological assessment of tissues from animal studies. Join our team and be the study pathologist for all types of mechanistic and regulatory studies.

- o You ensure scientific evaluation and interpretation of pathology data by concurrent adherence to international regulatory guidelines, INHAND nomenclature as well as GLP and ISO principles.
- o Besides, you will provide scientific and technical expertise in immunohistochemistry techniques, digital pathology and associated molecular pathology applications.
- o You will participate in the scientific development and establishing of new methods and contribute to publication and communication whenever possible.
- o Furthermore, you will supervise necropsies and perform histopathological examinations on a wide variety of laboratory species.
- o You will ensure that work performed is in accordance with the requirements of the study plan and in full compliance with GLP as well as ISO.
- o Last but not least, you will strive continuously for improvement of criteria for efficiency, quality, and safety.

BENEFITS

- o Health and wellbeing programs to help you achieve better health and work-life balance.
- o An attractive competitive salary that is based on the company's success and your individual performance.
- o Your contribution to a sustainable future because sustainability lies at the heart of everything we do and is a driver of growth.
